

NEW IN 2008

# The Pearl

The Creative Design Group is pleased to introduce *The Pearl*, the first model in the Jewels of the Sea collection. This beautifully designed, 60 gallon, self-contained aquarium features a hand-crafted cabinet, and comes complete with an authentically detailed coral reef sculpture, advanced filtration system, steel frame and lighting unit. Just add water . . . and fish, of course!

Approximate Dimensions: 30" long x 30" wide x 78" high

*The Pearl* comes complete with the following features:

- 24" diameter cast, seamless acrylic cylinder with lid
- Removable coral reef insert that conceals filtration pipes
- Patent-pending dry-tube technology to conceal electrical cords
- Advanced 700gph, 3-stage, wet-dry filtration, complete with pumps, bi-media, protein skimmer and pre-plumbed standpipes
- Versatile, low-profile, T5 daylight and actinic lighting system by Current USA, Inc.
- Steel support frame
- Hand-finished, base and top cabinet available in "antique pearl" or "coconut shell" finish
- Minimal installation- no plumbing required
